

## WORKSHEET 6 – COMPLETED WATER QUALITY PROJECTS

Date(s) Updated: \_\_\_\_\_

List all past water quality concerns on the ranch/farm and describe the issue. **A concern does not indicate that livestock grazing or current management caused it.** Describe any previously implemented management practice(s) intended to fix the problem. This includes steps to plan or receive technical or financial assistance (phone calls, ranch visits, applications, etc.), actual implementation or management changes (fencing, seeding, headcut repairs, etc.), and the maintenance of projects or ranch infrastructure (cleaning culverts, scraping corrals, weed removal, etc.). Evaluate if more work is needed to improve water quality for each listed concern. Attach any old photographs of the concern including work completed if available. Use additional sheets if needed.
