

WORKSHEET 9 – PASTURE USE RECORDS

Date(s) Updated: _____

Record how and when pasture/rangeland is utilized by livestock during the year. Note the livestock number, animal type, dates in and dates out of each pasture unit. This information can be used to calculate stocking rates and carrying capacity. Note pasture/animal needs (mineral, trough, seed, etc.). For more information, refer to <http://rangelandarchive.ucdavis.edu/files/252897.pdf>. For a detailed Prescribed Grazing tool, go to http://efotg.sc.gov.usda.gov/references/public/CA/TN_CA_Range_54.pdf.
